

## Guidelines for opening the pool area

The pools may be open from 8 AM until 10 PM daily.

A pool monitor will be on duty during the hours of heaviest use (about 5 hours per day).

There is no evidence that COVID-19 can be spread to humans through the use of pools and spas. Meanwhile, anyone choosing to use the pool area do so at their own risk. Those who have symptoms of illness are not to use the pool area. Facial coverings are recommended except when swimming.

The pool area will be open to residents and immediate family only. No guests may be invited at this time. No gatherings or parties are permitted.

Those who use the pool will be required to sign a waiver indicating that they understand the guidelines and expectations. The waiver may be agreed to via email. Only those who agree to the waiver will have access to the pool area.

The pool monitor (during the summer months / while on duty) will observe everyone using the facility and encourage everyone who enters to follow the guidelines. The monitor will check the restrooms on a regular basis, make sure soap and paper towels are available, and use wipes (or disinfectant provided) to wipe faucets and doorknobs.

All those who enter the pool area are to maintain proper social distancing. Social distancing means those living in the same household may sit together and swim together, others must stay apart a distance of six feet (per recommendations) both in the pool and out.

The pools are large, and several people or families may use one at the same time so long as adequate social distancing is maintained by those who are not part of the same household.

Poolside furnishings shall be placed in such a way as to be separated for social distancing. Those from the same household may sit together but must place furnishings back where found when finished / leaving.

Restrooms are available for use by one person at a time. Users are asked to wash hands with soap & water and wipe down all fixtures touched before leaving.

Those who choose to use hand sanitizer should bring their own.

Failure to follow the rules/policy/ guidelines could result in a loss of pool privileges

Signs with basic rules shall be placed in [2 or 3] locations.
