

Change in Pool Access Arrangements

Dear PDCC Owner / Tenant,

Effective January 3, 2017 the PDCC Board of Directors will be changing the access procedures for the pool area. Each unit owner will be assigned a key fob, which when waved over the reader will grant access to the pool area and log your entrance into a data base. The original key fob will be issued free of charge. If lost or stolen, additional fobs will cost \$75.00.

Tenants must contact their landlord (owner) and arrange for the fob to be issued to them. Tenants will NOT be able to obtain a key fob directly from the Association.

Please proceed to the PDCC Association office to complete your key fob registration after December 20, 2016. Key fobs are provided to homeowners after their yearly assessment is paid in full.

Thank you,

Palm Desert Country Club Homeowners Association
Board of Directors
